A-HA KITS!

We had an “A-HA” moment at Little Scholars! When we can’t be with our Little Scholars in person, we are bringing the next best thing to you with our A-HA (At Home Adventure) Kits. Our kits are filled with 8 unique Little Scholars’ activities including materials, games, and fun surprises for your Little Scholars to do at home along with a short video clip on how to create your masterpiece. Get ready for some exciting adventures!

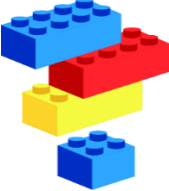

<p>Adventures at Sea PK-5th grade</p> 	<p><i>BEST SELLER</i></p> <p>Do you hear the ocean calling your name? Dive into the deep blue sea and create a coral reef, learn about the mysterious squid, and of course enjoy a playful visit with a shark.</p>
<p>Animal Art Adventures PK</p> 	<p><i>NEW KIT</i></p> <p>We are going on a safari around the world! Meet a sloth from the rainforest, roar with the Africa lion, and bundle up to visit the penguins in Antarctica. Grab your passport and binoculars and don't delay!</p>
<p>Biology in a Box K-5th grade</p> 	<p><i>NEW KIT</i></p> <p>It's alive! Explore the human body, the life cycle of a frog, and the growth of bacteria with activities big and small.</p>
<p>Builders in Training K-5</p> 	<p><i>NEW KIT</i></p> <p>Calling designers, builders and architects, Little Scholars needs you! As a Builder in Training, you will design a fun space for animals to play, whip up a miniature tree house and create your very own totem pole!</p>
<p>Crazy for Chemistry K-5th grade</p> 	<p><i>NEW KIT</i></p> <p>Discover the properties of slime, make your own bouncy balls, and more in this messy, but FUN kit. These experiments are sure to engage and excite any young scientist!</p>
<p>Dino Detective PK</p> 	<p><i>NEW KIT</i></p> <p>Discover the world of dinosaurs as we dig deep into fossils, build a dinosaur replica, and have an archaeological dig just like a real paleontologist.</p>

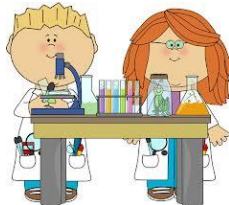

<p>Globetrotter Club K-5th grade</p> 	<p><i>NEW KIT</i></p> <p>Pack your bags we are taking a trip around the world! Hop the pond to learn about the Northern Lights, cruise over Greece to swoon over the Greek Pyramids, and toss around a boomerang through Australia...that's not all so don't miss out!</p>
<p>Nature Makers K-5th grade</p> 	<p><i>NEW KIT</i></p> <p>Ignite your passion for nature and wildlife as you learn about this magnificent planet that we call home! Build, discover, and explore with these science experiments and hands-on activities.</p>
<p>Storied Engineering K-5th grade</p> 	<p><i>NEW KIT</i></p> <p>Once upon a time our favorite story book characters found themselves in sticky situations! Through STEAM and physics principals and best practices, we will save the world from problems and create our very own enchanted ending.</p>
<p>Whiz Kids PK-5th grade</p> 	<p><i>BEST SELLER</i></p> <p>Grab your goggles as we venture into the world of science. With a dash of chemistry, pinch of physics and a swirl of imagination you have a box full of whiz kids' fun!</p>
<p>World of Wizards PK-5th grade</p> 	<p>Get spell bound as you enter the world of wizards with wand making, potion concocting, and cape design. The wizard world is awaiting...YOU!</p>

ELEMENTARY

Grade Level	Class	Description
K-2	Brick Bonanza 	Brick builders will explore the world of interlocking bricks through design challenges, fun and games. Builders will dive into projects such as maze designs, simple machines creation and one of a kind masterpieces.
K-2 3-6	Builders 	Calling all inventors, creators, builders, and designers! Come build awesome creations with us! We will create our own designs and build structures using recyclable materials, building blocks, and many other interesting items. No skills necessary! Skills gained: communication, problem solving, reasoning, developing creativity, and team work.
1-2 3-6	Comic Creations 	<i>BEST SELLER</i> Do you have a knack for drawing? Do you like to write? We have the class for you! Come join us as we explore the world of comics. We will learn about the different styles of cartooning, create new characters, and build a portfolio of your work.
K-2 3-6 *SUPPLY FEE*	Craft Masters 	Our D-I-Y class is for all you artsy-craftsy kids who love to express yourselves with one-of-a-kind masterpieces and crafts from around the world. Discover your crafty side and sharpen your creativity as we design many mementos to be treasured.
K-2 3-6 *SUPPLY FEE*	Design the Runway 	Design your very own fashion line with us! Budding designers will create a fashion portfolio, create a one of a kind piece with recyclable goods and end the week with a Runway Show to stop Fashion Week! We will participate in several design challenges too. Come design the runway with us!

<p>K-2</p> <p>*SUPPLY FEE*</p>	<p>Dinosaur Discovery</p> 	<p>Take an adventure back to the Jurassic Era where we will learn about dinosaurs who roamed the Earth millions of years ago. Uncover fascinating facts, build a dinosaur replica, and have an archaeological dig as you explore your paleontological skills. In Dinosaur Discovery, you will become a paleontologist faster than Ornithomimids ran from a T-Rex!</p>
<p>1-5</p>	<p>Enchanted Engineering</p> 	<p>Once upon a time our favorite story book characters found themselves in sticky situations and we can help! Through STEAM and Engineering principals, we will build a house to save the three little pigs, create a compass for Hansel and Gretel and much more! In this hands-on class, children will discover how they can save the world and create their very own enchanted ending.</p>
<p>2-6 (2nd graders in the Spring)</p>	<p>Newspaper Club</p>  <p>Customize the newspaper name for your school!</p>	<p>Ladies and Gentlemen! Get it hot off the press! The first edition of the school newspaper needs your help. Students will enjoy this exciting class as they create authentic newspaper stories. As they are transformed into reporters and editors, the students will publish their own school newspaper.</p>
<p>K-2 3-6</p> <p>*SUPPLY FEE*</p>	<p>Science Palooza</p> 	<p>Discover, experiment, and create as we learn about the colliding worlds of art and science in this STEAM-based class. We will create simple machines, learn about crystals and minerals, and dabble in the world of robots. Put on your lab coat and grab your art supplies because this STEAM class will rock your world.</p>

<p>K-6 *class uses food* Due to the kitchen and time constraints, we are unable to bake during this program, however, children will stir, chop, decorate and taste their creations. *SUPPLY FEE*</p>	<p>Tastes Around the World</p> 	<p>Explore the tastes of the world by visiting Italy to make tiramisu, sailing to Mexico to create salsa, and cruising to France to bake crepes. Pack your bags because this is an adventure that you do not want to miss! Our chefs will mix, chop and craft the classes away!</p>
<p>K-2 3-6 *class uses food*</p>	<p>Whiz Kids</p> 	<p><i>BEST SELLER</i></p> <p>Join us on a science discovery mission! We will explore the world of chemistry, engineering, and earth science through experiments and encounters. This program will enhance STEM education philosophies with a big punch of fun. Join us for this exciting journey into the world of science!</p>
<p>K-2 3-6</p> <p>*SUPPLY FEE*</p>	<p>World of Wizards</p> 	<p><i>BEST SELLER</i></p> <p>Calling all wizard fans! This is like no other class you have ever experienced. We will take a magical journey into the world of wizards. We will design trading cards, make a personal crest, create a treasure hunt, have a Triwizard tournament, and participate in activities that will astound all Muggles.</p>

IN SCHOOL FIELD TRIPS AND “DAY OFF” ENRICHMENT PROGRAMS

Little Scholars provides In School Field Trips to supplement your school’s curriculum by providing small group instruction and an engaging learning experience for children in grades PK-8th.

- Any of the enrichment programs can be In-School Field Trips
- Students rotate through ‘stations’ to experience the curriculum
- Sessions typically run for 90 minutes, but our programs can fit into any schedule
- Schools can pick the lesson(s) of their choice

Little Scholars provides “Day Off” Enrichment Programs using any of the enrichment programs. This is a wonderful addition to enhance your school’s offerings to parents on days where the children are out of school such as holiday breaks, parent teacher conference days and teacher in service days.
