ARTS AND CULTURE

Program	Grade Level	Price Tier	Program Description
Messy Makers 	PK	*Premium*	Our Messy Makers will put on their smocks and let their creative flair shine as they explore textures, experiment with liquids, and develop fine motor skills as they dig into open-ended experiences. Students will get their hands dirty and have fun without having to worry about the perfect project. NEW CLASS
Snack Buddies 	PK-2	*Premium Plus*	Welcome to Snack Buddies, the tastiest class in town! In Snack Buddies, students are not just friends; they're snack-time pals who will make delicious snacks. From edible art to learning about where our food comes from, little scholars prepare for a scrumptious journey filled with laughter, learning, and, of course, snacks! It's going to be a munch-tastic time BEST SELLER!
Superheroes in Training 	PK-2	*Standard*	Train to be the superhero you were meant to be! Save the world from evil doers everywhere in this interactive and high energy program. The training combines cooperative games, team building activities, literature, educational enrichment activities, and craft projects to ensure your powers will be supreme. NEW CLASS
World Travelers 	PK-5	*Standard*	Grab your passport for a journey around the world! Visit a new country each lesson through literature, games, art activities, geography, and history. Discover the thrills of travel without leaving school!
Mermaids and Pirates 	PK-K	*Standard*	Ahoy, Pirates and Mermaids...let's set sail on an adventure into the deep blue sea! Treasure hunts, sandcastle building, and mystical ocean discoveries await you. Our adventures will dive deep into music, arts, language development, and social skills (just don't tell the real pirates!).

Artist Studio 	K-5	*Select*	Take a peek into some of our favorite artists' studios and explore their unique styles and inspirations for their artwork. From painting and sculpture to collage and mixed media, kids will try out exciting new techniques as they create original masterpieces inspired by the featured artist.
The Art of Snacks 	K-8	*Premium Plus*	Our snack artisans will discover the art of preparing and enjoying tasty snacks and healthy nibbles. The Art of Snacks isn't just about eating; it's about fostering a love for food, creativity, and healthy habits. Grab an apron, and let's get cooking! Students will create snack-time masterpieces that are as fun to make as they are to eat.
Beyond the Brush 	K-12	*Premium*	Art is more than just painting! In this class, budding artists will learn about the different styles of art, explore texture, color, and design, and create unique projects using everything from clay and recycled materials to mixed media. Beyond the Brush encourages students to take risks, try new things, and develop confidence in their artistic abilities. NEW CLASS
Taste Around the World 	K-12	*Premium Plus*	Pack your bags, because we are heading off on a global adventure. Nibble, mix, and craft your way across the globe. Taste Around the World is an adventure that you do not want to miss!
Miniature Makers Workshop 	2-8	*Premium*	They say the best things come in small packages—and in this class, they really do! Students will design and build their very own miniature 3D scenes, characters, and tiny treasures using everyday materials and a whole lot of imagination. From cozy rooms and magical shops to pint-sized people and pets, each tiny world they create is a chance to express their creativity, develop hands-on skills, and bring big ideas to life—one small detail at a time!

Ink Inspirations 	3-12	*Premium*	This class is all about the craze of junk journaling, calligraphy, and hand lettering. Students can perfect their own style of eye-catching letters, tinker with different fonts, and create a one-of-a-kind journal. Our inspired inkers will explore different layers and textures as they create a unique, artistic, and functional notebook. NEW CLASS
#trending 	3-12	*Premium Plus*	Calling all DIY fans who are chasing or starting the latest #trends! Each project is a chance for students to express personal style and bring their fashion accessory ideas to life. They will experiment with colors, dabble with patterns and textures to create one-of-a-kind pieces to spark the next big trend! NEW CLASS
Manga Studio 	3 - 12	*Standard*	Step into the pages of Japanese manga and learn how to bring characters and stories to life—manga style! Dive into the unique features of manga, create original characters, design storylines, and illustrate a short manga comic. This class is the perfect place to grow as an artist, storyteller, and manga creator!
Culture Exchange Club 	6 - 12	*Premium Plus*	Get immersed in the vibrant tapestry of our world with the Culture Exchange Club. Explore the diverse cuisines by making and sampling savory snacks from every corner of the globe, listen to the rhythms of world music, and delve into thought-provoking discussions on global affairs. Join us for a journey of discovery, where every meeting is an opportunity to expand your horizons and celebrate the beauty of cultural diversity.

LIFE SKILLS

Program	Grade Level	Price Tier	Program Description
Kindness Club 	3-12	*Standard*	Be a force for good in your community! In the Kindness Club, students will take the lead on service projects that make a real impact. Learn the power of compassion, teamwork, and leadership as you help build a more caring, connected world. Your kindness can change lives, whether it's a helping hand or a heartfelt gesture.
Community and Leadership 	3-12	*Standard*	This workshop is a unique opportunity for students to learn how to develop their business skills while impacting the world around them. Future leaders will learn about entrepreneurship, public speaking, civic involvement, and community outreach opportunities with an engaging curriculum to channel their desire to have a positive impact on the world around them.
Future-Preneurs 	3-12	*Select*	In this class, students will dream up their own company and learn what it takes to make it succeed. From planning and budgeting to marketing and teamwork, our Future-Preneurs will learn what it takes to be their own boss as they build confidence, communication skills, and a growth mindset while working collaboratively with peers.
Pathways to Success 	6-12	*Standard*	In Pathways to Success, students will explore a wide range of careers while discovering their interests, strengths, and goals. They will learn about different career paths and how to connect their passions to future opportunities. Students will blaze a path toward important life skills like communication, teamwork, goal setting, and problem-solving.

LITERACY

Program	Grade Level	Price Tier	Program Description
Alphabet Art 	PK-K	*Standard*	Now I know my ABCs, won't you come and create with me? Make the alphabet come to life through arts and crafts activities. Alphabet Art will expose budding scholars to learning letter-sound relationships, letter formation, and sensory experiences. Get ready for an adventure in alphabet art.
Bookworm 	PK-2	*Standard*	Wiggle, fly, hop, and scoot into a lifetime love of reading. Establish a solid foundation of reading readiness with bundles of activities to expose your beginning reader to letter-sound relationships, comprehension strategies, and introduction to high-frequency words through a host of activities to get your little scholar moving in the right direction.
Storytellers 	2-5	*Standard*	In this language-loving program, students will learn what it takes to become an author. Through creative storytelling, word games, and writing challenges, students will boost their vocabularies, strengthen their writing skills, and stretch their imaginations. From crafting silly stories and mastering tongue twisters to going on mystery word hunts and building stories, every session is packed with brain-boosting fun.

STEM

Program	Grade Level	Price Tier	Program Description
Builders in Training 	PK	*Select*	Bang, Bang, Build, Build! Students will construct awesome creations using interlocking building blocks and many other interesting items. They'll learn the importance of communication, problem-solving, creativity, and teamwork, just like real engineers. BEST SELLER!
Fossil Finders 	PK	*Select*	Come stomp, roar, and explore on a HUGE adventure into the world of dinosaurs! In this dino-mite class, young paleontologists will build their very own dinosaur replicas, dig for fossils, and uncover prehistoric secrets through hands-on activities and imaginative play. Get ready for a swamp-stomping, fossil-finding good time!
Math Munch 	PK	*Select*	Math Munch is for all budding mathematicians! Through rich multi-sensory activities using manipulatives and hands-on activities, our Little Scholars will build their math skill set as we learn about counting, colors, shapes, graphing, patterns, and money.
Rockets, Planes, and Flying Things 	PK	*Standard*	Watch it soar, see it glide, and take a ride with rockets, planes, and flying things! Students will build flying machines and soar to the moon through art, stories, and lots of play! Our adventurers will sharpen their imagination, kick start their motor skills, and ignite a passion for flying!
Science Sprouts 	PK	*Select*	Our future scientists will make some BIG discoveries and sprout their curiosity as they dig into experiments and science-based reactions. Each session is packed with activities that spark imagination and introduce basic science concepts. Your little scholar will have a blast asking "why?" and learning how things work!

LITTLE SCHOLARS

STEM

Green Thumb Club 	PK-K	*Premium*	Catch a ladybug, chase a firefly, and grow a garden, all while learning about nature and the world around us through stories, songs, art, exploration, and imaginary play. The Green Thumb Club will ignite your child's passion for nature, recycling, and learning about the Earth through tactile activities and developmentally appropriate science investigations. It's time to join the Green Thumb Club!
Bug Bonanza 	PK-2	*Select*	Are you ready to bug out? Explore the world of bugs as you sing songs, create buggy crafts, and crawl through math and reading activities focused on the lives of these cool crawly creatures.
Infinity and Beyond 	PK-2	*Select*	5, 4, 3, 2, 1 blast off to a galaxy far, far away to learn about Earth and the amazing solar system. Students will discover all things galactic such as comets, planets, shooting stars, rockets, and more. They'll learn about flight and the adventures of space travel!
Mini Med School 	PK-2	*Select*	Is there a doctor around? Mini Med School is coming your way! Our little doctors will learn the ins and out of the fascinating world of medicine. With their doctor bag in hand, students will learn all about what doctors, dentists, vets, and other medical providers do to make our world a better place.
Backyard Science 	PK-5	*Select*	In this hands-on class, young explorers will investigate the wonders of nature through fun experiments, exciting discoveries, and interactive activities. From observing plants and insects to digging into soil and learning about weather, each session sparks curiosity and encourages students to ask questions about the world around them.
Creature Corner 	PK-5	*Standard*	Calling all animal lovers! In Creature Corner, students will learn about a variety of creatures from jungle animals and ocean life to birds and backyard critters through hands-on activities, interactive games, and engaging discussions.

Dino Discovery 	K-5	*Select*	Take an adventure back to the Jurassic Era, where students will learn about dinosaurs who roamed the Earth millions of years ago. They will uncover fascinating dinosaur facts, explore the world of dinosaurs, and become a paleontologist faster than Ornithomimids running from T-Rex!
Builders 	K-5	*Select*	Calling all inventors, creators, builders, and designers! Students will create their own designs and build structures using recyclable materials, interlocking building blocks, and many other interesting items. No skills necessary! Skills gained: communication, problem-solving, reasoning, developing creativity, and teamwork. BEST SELLER!
Journey Through the Rainforest 	K-5	*Select*	Did you know 6% of the earth is covered by rainforests? Slither with us through this diverse ecosystem as we explore the animals, creatures, and unique environment of the rainforest! Conduct experiments and create crafts focused on life in and below the canopy.
Math Fact Masters 	K-5	*Standard*	Join Math Fact Masters, where students build a strong math foundation through fun games, exciting challenges, and hands-on activities designed to improve fact fluency in a supportive, low-pressure environment. Along the way, students will track their progress, celebrate achievements, and walk away feeling confident and ready to tackle math in the classroom!
The Science Lab 	K-5	*Select*	Rockstar scientists and engineers have been behind some of the most mind-blowing inventions and discoveries of our time. In this science-based program, students will experiment and discover science right before their eyes. Whether they're mixing up chemical reactions, designing simple machines, or diving into robotics and earth science – each hands-on activity will spark curiosity and ignite creativity.

TUTORING

Little Scholars provides flexible, results-driven tutoring solutions for schools. From high-dosage tutoring to targeted academic support and whole-class remedial instruction, our programs are designed to meet diverse student needs and accelerate learning. We partner with schools to work within any budget while delivering measurable impact on student success.

Have a vision in mind? Let's collaborate to bring it to life.

- ✓ **In person, small group tutoring or whole class remedial instruction**
- ✓ **Personalized instruction driven by assessment data**
- ✓ **Qualified and vetted tutors**
- ✓ **Standards-aligned program**
- ✓ **Hands-on, engaging lessons**

Small Group High Dosage

- Group Size: 3–5 students
- Frequency: 2+ sessions per week
- Duration: 8 or more weeks
- Includes pre- and post-assessments
- Student growth is measured and reported
- Focused, data-driven instruction for accelerated growth

Small Group Academic Support

- Group Size: 3–5 students
- Frequency: Once per week
- Duration: 6–8 weeks
- Tutors support homework completion
- Instruction targets specific skills identified by classroom teachers
- Flexible support model designed to reinforce classroom learning

Large Group Remedial

- Group Size: Whole class (up to 20 students)
- Focus Areas: English Language Arts and/or Math
- Uses a preset, standards-aligned curriculum
- Designed for broad skill reinforcement
- Ideal for addressing common learning gaps at the class level

Partner with Little Scholars to expand learning, strengthen outcomes, and support every student's success.

Partner with Little Scholars to expand learning, strengthen outcomes, and support every student's success.

LITTLE SCHOLARS

2027

TOTAL PROGRAM MANAGEMENT

Did you know that Little Scholars offers Total Program Management (TPM)? TPM is a comprehensive solution where Little Scholars assumes management of your enrichment programs, eliminating the need for an in- house volunteer or staff member to coordinate.

LITTLE SCHOLARS WILL:

- Provide an On-Site Coordinator who will oversee the program daily
- Work with reputable vendors to create a schedule of classes to be offered
- Create a registration page and provide your school a link for parents
- Manage student registration
- Create rosters for each class
- Manage weekly attendance
- Communicate with parents
- Manage vendor payments

LITTLE SCHOLARS ON-SITE COORDINATOR WILL:

- Serve as the on-site presence once occupied by a volunteer or staff member
- Provide rosters for every class and provide copies to each class teacher
- Reconcile rosters using absentee and early dismissal lists Assure a timely start to the program
- Check in with teachers to ensure needs are met
- Report any issues or concerns back to Little Scholars so that quick solutions can be enacted
- Supervise an orderly and safe dismissal
- Ensure classrooms are returned to their original condition

ROLE OF YOUR SCHOOL:

- Market programs to students and their families
- Send out email blasts promoting the programs and providing a link to register
- Send home QR stickers with students as a reminder to register
- Advertise programs via the school's social media accounts
- Determine scholarship offerings if applicable
- Provide Little Scholars space at your school to run a successful program
- Provide Little Scholars with a list of rules and procedures you wish to follow
